

2008 Department of Education Workshops
“Traumatic Brain Injury: A Disability Often in Disguise”
January – February, 2008
Workshop Website: www.biaf.org

Sponsored by:

Florida Department of Education (FDOE), Florida Department of Health Brain and Spinal Cord Injury Program (BSCIP), and the Brain Injury Association of Florida, Inc. (BIAF).

Purpose:

- To make special educators aware of the unique nature of Traumatic Brain Injury (TBI) and that TBI is often unidentified as the cause of behavior and/or learning problems, or misclassified in other disability categories;
- Present recent changes in TBI rules and their applications;
- Recommend TBI resources; and
- Develop district level practical strategies and action plans regarding TBI.

Workshop Registration

Please complete the pre-registration form and return to the address below, by mail or E-mail. This Registration form is also available to download at www.biaf.org. Registration includes the one-day workshop with 1 afternoon breakout session.
