(If you R.S.V.P. by phone, please include your email address, if any, in your message)

**To join the teleconference, call toll-free:
866-415-3138**

Bob Sweet will continue the discussion he began in January on developing relationships with people with traumatic brain injuries. Bob has worked in the field of TBI Services since 1986 in both direct care positions and administrative roles. Since 1991 he has been the Executive Director of Personalized Support Services, an agency providing long term support services to individuals with brain injuries in their homes and community. He has been an active member of the Brain Injury Association of Florida, making many presentations at conferences and workshops on TBI-related topics. Bob continues to provide direct care services to individuals with TBI as a companion, case manager, behavioral specialist and Community Support Coordinator for the BSCIP Waiver.
