

**RADIO AND PRINT PUBLIC SERVICE ANNOUNCEMENTS TO PROMOTE
BRAIN INJURY AWARENESS MONTH IN MARCH**

(1): 30 PSA

Every 23 seconds someone in the U.S. sustains a traumatic brain injury. 50,000 don't survive. Those that do are changed forever. This March become part of a network of families and professionals who have joined with Brain Injury Association of Florida to bring attention to this life-changing event and to let people know that there is help and hope free of charge. Call 1-800-992-3442. This message is sponsored by BIAF and the Florida Department of Health, Brain and Spinal Cord Injury Program.

(2): 30 PSA

Did you know that brain injuries occur more often than cases of HIV, Breast Cancer and spinal cord injuries COMBINED? This March become part of a network of families and professionals who have joined with Brain Injury Association of Florida to bring attention to this life-changing event and to let people know that there is help and hope free of charge. Call 1-800-992-3442. This message is sponsored by BIAF and the Florida Department of Health, Brain and Spinal Cord Injury Program.
